In the context of the general purposes, the Senate shall exercise such powers as outlined in the Student Associated Council constitution, Article VII Section 5, Part i.

2. And in the context of these purposes, the Senate shall perform such duties as detailed in that constitution, Article VII, Section 5, part iii.

Article III. Meetings

Section 1. Regularly scheduled, weekly meetings will be held by the entire Student Senate to conduct business. The time and date of these meetings may be changed by a majority vote. The agenda for each of these meetings shall be posted in a public and conspicuous place no less than 72 hours before the meeting. If the agenda is not posted in accordance with this time frame, the meeting may not take place.

2. It is also appropriate for the chair to decline to call a time to end the meeting, and may print "until finished" as the end time. In this case, any member who has documented and pressing business or academic responsibilities may leave after the above documented time. However, the meeting cannot continue without quorum, and business cannot be addressed or voted upon without a Secretary or minute-taker and the Advisor.

3. Regularly scheduled weekly meetings will be held by the Senatorial Branch to conduct business. All actionable business must be heard by the Senatorial Branch and, with its recommendations, be forwarded to the Student Senate President before it can be heard by the entire Student Senate. The time and dates of these Senatorial meetings will be set by the Vice-President. The time and date of these meetings may be changed by a majority vote of the Student Senate.

4. Special meetings may be called at any time by the President. Also, five (5) Senators and/or Officers may request a special meeting through the President, in writing. In all cases, special meetings shall be limited to the stated purpose, which must be communicated in at least 24 hours advance to all members of the board, and the public, in the form of an agenda, which must be posted in a public and conspicuous place, within that time frame.

5. A quorum of a majority of board members shall be present at any regular or special meeting in order for Senate business to be conducted.

6. Each member shall have one vote in all matters regardless of his position. The President, customarily, may not vote, except in cases of a tie.

Attendance through a simultaneously visual and auditory live medium, for example the program “Skype”™, grants absent members the ability to vote, presently, however advance notice would be needed for the appropriate preparations.

Meeting Decorum

4. Public Forum

- i. Public Forum is a segment of time set aside for the public to speak on the day's business and inform the board on students' opinion on current issues, in accordance with the Brown Act. - iv. Although guests may address individual members of the board, and not speak through the President (although this should always be discouraged) board members must continue to speak only to the President, unless permitted by the President to do otherwise.

5. Dissemination of Information

- i. When information is being related to the board by a guest or board member, it is expected that all sitting members remain attentive to the speaker's presentation, and save all questions until the end of the presentation, or until prompted by the chair.
- ii. Members who choose to speak before the board must be adequately prepared for their presentation, if their issue is to be acted upon.

6. Making a Motion

- i. The member shall raise his hand and wait to be recognized by the chair, or stand up, but only one person standing at a time.
- ii. Once recognized, the member will state, "I move to..." and recite the exact action the member wishes the board to take.
