How do I start the class assignments?

Your FIRST OFFICIAL ASSIGNMENT for this class is to [UPDATE YOUR SCC EMAIL ADDRESS](#).

- Students automatically have an email account through Sacramento City College for FREE.
- If you do not check your SCC email regularly then configure it to FORWARD to an email address you do check frequently.
- Please keep this updated if you change your email address during the semester.

NEXT:

- [View Child, Family & Community Course Information](#)
- [View D2L Orientation](#)
- [Complete the D2L Sample Class \(all 5 Modules\)](#)
- [Save the Certificate of Completion as an RTF document](#)
- [Submit the Sample Class' Certificate of Completion to Dropbox and](#)
- Take Child Family & Community Orientation Quiz

Once the above are complete, you will find your WEEKLY ASSIGNMENTS in the CONTENT AREA of the Child Family and Community Class in D2L.

Students must submit the Certificate of Completion, and take the Orientation Quiz within the first three days of class. Otherwise, the student will be considered a "no show" and dropped accordingly.

Your Weekly Online Routine:

- Check your email and connect to the D2L site frequently, (AT LEAST 3 times per week).
- Read the **NEWS** on our **Course Home Page** and then click on **CONTENT** to access each **Weekly Assignments folder**.
- For each WEEK, you should do the following, and in this order:
 1. Complete the assigned **Reading and view Video Program**.
 2. View the **Powerpoint and Lecture** found through the Content Area of D2L.
 3. Complete the chapter **Assignments and Activities** found through the Content Area of D2L.
 4. Participate in the **Discussion Board** topics each week. Disappearing from the Discussion Boards is like a student not attending class, and as such your disappearance may result in being dropped.
 5. **Review** using the chapter study guides and/or quizzes found through the Content Area of D2L.
 6. All assignments must be submitted on time. **"On time"** means that the assignment will be submitted by the date that it is due. Illness and other life challenges are not excuses for forgetting and/or not being aware of due dates and assignments. Submission will be done through the D2L Dropbox.
- At all times, students and instructor will use language appropriate to an academic setting.

Assignments and Activities:

- The usual due date for weekly assignments is by Tuesday evening at 11:50pm.
- Most major papers and assignments will be submitted using the DROPBOX in D2L.
- Save documents as RTF (Rich Text Format) files prior to submission.
- Please **spell-check**, and **proof-read** your assignments before submitting them.
- All assignments must be submitted on time for full credit. "On time" means that the assignment will be submitted by the date that it is due. (**DUE DATE**) Late assignments may receive up to 70% of the credit, no more.
- Once the Dropbox folder for the assignment has been closed, no additional papers will be accepted. (**END DATE**) No exceptions.
- Ignorance of an assignment does not excuse the student from the responsibility of turning that assignment in "on time." If you are unsure of an assignment check D2L, ask fellow students in the discussion board, in addition to the instructor.
- Be sure to read the syllabus section on cheating and plagiarism. (See below.)

Weekly Essays and Term Paper

All submitted written work must be your own. When writing an essay or research paper you often need to refer to the work of other people—to describe their research or ideas, or to quote them, for example. Whenever you refer to, paraphrase, or quote the theories or research of other people, you need to indicate in your paper the source of your information. Thoroughly documenting your sources has a number of advantages; for example, you help your reader to check the accuracy of your description of the source, and the credibility of the source itself. Disregarding this requirement will result in an F on the assignment. No exceptions.

Community Agency Report (150 points) DUE 12TH WEEK **

- **Research Term Paper** about a community agency that serves marriages, and/or families. (Typed, at least 4-5 page, size 12 font, double spaced, saved as RTF file.)
- An outline of points to discuss will be provided.
- The paper is to be written in paragraph format, not question/answer.

Cheating and Plagiarism: (Read article at <http://grammar.quickanddirtytips.com/what-is-plagiarism.aspx>)

All submitted written work must be in your own words and original to the semester. Whether writing a research paper or video reviews you may need to refer to the work of other people—to describe their research or ideas, or to quote them, for example. Whenever you refer to, paraphrase, or quote the theories or research of other people, you need to indicate in your paper the source of your information. Thoroughly documenting your sources has a number of advantages; for example, you help your reader to check the accuracy of your description of the source, and the credibility of the source itself. Disregarding this requirement will result in an F on the assignment.

If you would consider submitting work which is not your own, do not take this class. Plagiarism includes copying-and-pasting off the Internet. You need to be able to read/view the information, understand it, then answer questions in essay format using your own words. If you incorporate someone else's ideas the use of quotation marks and citation of valid sources must be reflected in all essays, papers and projects. If you cheat or have others do your work, you will receive an F.

If you are retaking this course, you must submit original papers. Do not submit papers you have used in the past.

Discussion Boards: (Class Participation)

There will be discussion board topics each week during the semester. You will be required to post a response to the boards and then respond to another student's post. For any given discussion board topic you may receive 3 points for your original post and 2 points for responding to another student, for a total of 5 points for each discussion board topic. Not participating on the discussion board is equivalent to a student who does not attend a face-to-face class...This will result in the student being dropped from the class.

- Discussion board participation requires weekly reading assignment to have been completed and understood.
- No credit will be given for posts that do not show careful consideration of the assigned material. Read what other students have said carefully before posting your reply. You need to make sure you understand where the current discussion is headed before you make your contribution.
- A discussion is not a debate (argument) forum; the point is not to prove that you are right and that someone else is wrong. Instead, the goal is to share information and help all the students in the class learn more about the subject under discussion.
- As in any class, it is imperative that the learning environment is supportive, neutral and respectful. With that said, please think about what you write in the same way you would do so in a classroom. Responses should be as politically correct and as inoffensive as possible. Vulgarity and other inappropriate language usage will not be acceptable and may result in you being dropped from the class.
- Your posts must also be substantive. For example, "Yeah, I agree with you," or "I'm not really sure what I think..." or paraphrasing another student's post would not be substantive. Your contributions should be unique, and in your own words.
- Use short and concise sentences, and get to your point quickly. If your post is on the long side, you should break it up into separate paragraphs to make it easier for others to read online, with line breaks in-between the paragraphs.
- Make sure you spell-check your written communication and proofread it for clarity (reading out loud is a great way to proofread and also to make sure what you are saying "sounds right" before you post).

Exams:

There will be three exams. Each exam consists of 50 multiple-choice questions. You will have 2 hours to complete the entire exam. Exams are worth 100 points each. Even though the exams are open book, online, and taken at your convenience, you should always study for them as you would any other exam. Exams will be given through the class' D2L Quizzes site.

The instructor will give a "Make-Up Exam" within one week of the original exam. It is the student's responsibility to schedule the make-up exam. Students may take the make-up exam if they missed the original exam, or to improve their original score. However, students taking the make-up exam will receive no more than 70% of the possible points (=70 points). (If you score above 70% there is no point to take the Make-Up Exam.)

Grading:

Students' grades will be based on accumulated points from all quizzes, discussion board participation, assignments, reaction papers, and exams given throughout the semester. The points will be totaled at the end of the semester and the semester grade will be based on the following formulas:

<u>Tentative POINT DISTRIBUTION</u>		<u>Tentative GRADE DISTRIBUTION</u>	
E			
a	Written Assignments = 100	665.....740 = A =	90--100%
c	Report 150	592..... 664 = B =	80---89%
h	Discussion Board= 150	518.....591 = C =	70---79%
F	+Practice Quizzes & Exams= 340	444.....517 = D =	60---69%
	Total Points= 740	Below...300 = F =	Below 60%

Final Semester grades will also reflect completion of all assignments on time, consistent class participation (face-to-face= participation) (online = discussion board), & cooperation throughout the semester.

Incompletes:

An "**Incomplete**" grade will not be given simply because you have gotten behind in your course work. Course policy requires that a student must have a passing grade up to 4 weeks before the end of the semester on all required course work up to that time. An "**Incomplete**" is only to be given in dire circumstances such as personal illness, or a death in the immediate family. Please note, home computer failure is not an acceptable excuse to request an incomplete. Computers and software are available in the computer labs on campus.

Special Accommodations:

If a student requires special accommodations, s/he must make an appointment with the instructor during the first two weeks of the semester to file the appropriate paperwork.

Cell phones are to be **turned off before** entering a campus classroom or computer lab.

Campus Waste Reduction:

All staff and students are expected to participate in SCC's waste reduction program. Please reduce the amount of paper you use, reuse resources whenever possible, and always recycle the appropriate materials in the blue receptacles. We have a beautiful campus. Please help us keep it that way.

COMMUNICATION:

If you have questions or problems, make sure to speak up and let me know about it at the earliest opportunity. Just like you would raise your hand in class to ask for a question or clarification, you can send an email to me to get help (or you ask a question in the Cyber Cafe of the discussion board, etc.). If you have problems or questions, it is your responsibility to communicate that with me as soon as possible. The longer you wait, the less chance that you will get the help you need in time to solve your problem. So, speak up!

Email- Student To Instructor

When emailing your instructor(s) always do the following-

- **SUBJECT** of your email must say ***Marriage & Family Online Course***
- **Sign message** using your FIRST and LAST name, as you are registered with the college.
- Include **previous thread** of the email if it is an ongoing communication.
- Do NOT type your message in all capital letters.

Email- Instructor To Student

I will respond to all emails as soon as possible. Please understand, I may not be available 24/7.

- If multiple students have a concern, the response may be posted on the D2L NEWS on the COURSE HOME page as a FAQ (frequently asked question).
- SCROLL through the NEWS items regularly.
- I may also send announcements using the D2L email system.
- Keep your email address UPDATED in D2L.

Phone Messages

When leaving a voice message:

- Minimize background noise, it can drown-out your voice. (Wind, radio, others talking...)
- Speak SLOWLY and CLEARLY so I can understand what you are saying. Be prepared to leave a message BEFORE you call, so you know what you are going to say.
- Leave your phone number EACH TIME you call. I cannot memorize all of your phone numbers. (And, our office phones do not have caller ID!)
- Please repeat your phone number slowly, a second time so I can confirm that I wrote it down correctly.

Follow-up on messages. If you haven't heard from me after several days- to a week, please try again. Messages sometimes get accidentally dropped or lost.

Student-To-Student Communication:

Your fellow students are equally valuable resources for your learning.

- The Discussion Board offers a tool to ask questions and communicate with each other.
- One Discussion Board Forum (called Cyber Café) is an area created for students to "virtually" hang out and get-to-know one another (in a politically correct manner, of course)...
 - Post any course relevant questions that you may have here -- this may include questions about due dates, activities, tests, how to access a link, etc.
 - Answer each others' questions and help each other out. Please check this board each time you log on and see if you can be of assistance to a classmate.
 - Keep the tone positive.

So how do I use this D2L?

What is D2L?

Desire2Learn (D2L) is a web-based course management system designed to create a rich online learning environment for students. D2L includes features such as an electronic Dropbox, automated Gradebook, Discussion Boards, and Quizzes.

How do I log in to D2L?

Each student in this class has a Los Rios Online account. Because this class is only accessible to those students who are actually registered for the class, *security* of content, information and posts is provided. There is absolutely no advantage in lending other students your access code. All of your posts and communications will be attributed to you, and you will be held accountable for such. For this reason, and for the matter of class integrity, please do not share your access code with others!!

1. Open an Internet browser. (i.e. Firefox, Chrome, or Safari) You can do this at home, at a public library, or from a computer on campus.
2. Go to <http://d2l.losrios.edu> or to the eLearning link on the college homepage.
3. Enter your USERNAME and PASSWORD:
 - Students: Your username is the letter w followed by your Student ID#.
 - Your default password is your Los Rios "unified password". (The same one you use for iMail, eServices, and college email.)

How do I see my courses in D2L?

Once you have successfully logged in, look for the box labeled My Courses in the middle of the My Home screen. The names of the courses that you are enrolled in will appear if they have a D2L course site and if the instructor has made the course active. The names will be underlined and in blue type. Click the name of the course that you wish to view.

Once inside my D2L course, how do I access the course materials?

Use the navigational tool bar along the top of your course homepage. The links located on this tool bar allow you to access materials within your course. Some tools that your instructor may be using include:

Course Home contains News Items as well as a Course Calendar and Contact information for your instructor.

Content includes your course syllabus, and links to weekly assignment instructions.

Discussion board is where you will interact with your classmates. (Course participation)

Dropbox is where you will submit electronic copies of your homework to your instructor.

Quizzes is where you complete course quizzes and exams.

Grades is where you can see your grades on assignments throughout the semester.

Some helpful Tips for using D2L:

Get in the habit of using the links located on the navigational bar to move around inside your course.

When exiting your D2L course, be sure to click on the Logout link AND close the browser window. This is especially important if you are using a computer in a public lab.

Mac users: Make sure you are using the most current version of either Safari or Firefox.

Discussion Board in D2L: Click the Discussion link on your course navigation bar

How do you “post” to the Discussion Board?

After reading the topic consider what your thoughtful contribution is going to be.

2. Give the message a Subject and type your Response in the larger box.
3. Click **Post** to add your message and view it in the main discussion list.
4. **READ** other students' posts.
5. **REPLY** to another student's post by clicking on **Reply** after you have read their post.
6. Enter a thoughtful response to their post and click on **Submit**.

Using the Dropbox: Click the Dropbox link on your course navigation bar.

The Dropbox tool lets you submit assignments electronically, eliminating the need to mail, fax, or email assignments. Simply upload your assignment to the appropriate folder.

From Folder List page you can view:

1. A list of assignment folders and related attachments.
2. DUE Dates and END Dates for your assignments.
3. The number of assignments that you submitted to each folder.
4. Whether feedback, including grades has been left for you.

Uploading your Assignment to Dropbox

When you have completed your assignment, do the following: (Example: Week 1 Article Review Assignment)

Note: Make a habit of clicking the Save All Responses button regularly if there are a lot of questions on a single page or you are working on a time-consuming question.

Click the Next Page or Previous Page icon to navigate between pages.

Click the Go to Submit Quiz button when you are ready to submit.

Note If you try to submit a quiz with unanswered questions, you see a warning at the top of the Submit Quiz page.

Click the links below the warning to return to the unanswered questions.

When you finished revising questions, click Save All Answers then, Submit Quiz.

Time restricted quizzes --
