What do I need for this class?

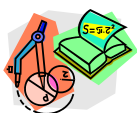

Prerequisites:

Math 334 or 335 with a C or better or eligibility as determined by the assessment process. Show proof during first week of class.

Text: Precalculus:

Mathematics for Calculus, 6<sup>th</sup> edition by Stewart, Redlin, Watson

Other materials: pencils and erasers, graph paper, 3-ring binder, scientific calculator (graphing calculator is nice but not necessary)

How is my grade determined?

Just add up the points you have earned and divide by the total number of points possible. We will have . . .

Exams: 5 of them, each worth 100 points

Quizzes: 10 points each, I count your best 8 scores – worth 80 points total

Homework randomly collected 5 times: 4 points each – worth 20 points total

Final Exam: worth 200 points, given on Monday, May 19<sup>th</sup>, 10:15-12:15

Your course grade is determined by the percent (rounded to nearest whole percent) of points earned:

A: 90 – 100%

B: 80 – 89%

C: 70 – 79%

D: 60 – 69%

F: below 60%

What is the attendance policy?

Roll is taken everyday and you are expected to be on time and an active participant. Habitually coming late, leaving early, or not participating will count towards your absences. If you have more than **6** absences you may be dropped from the course.

**THERE IS  
ABSOLUTELY  
NO  
EXTRA CREDIT!**
